**Petition To Withdraw Notice of Abandonment or in the Alternative To Revive Under 37
CFR § 1.137(a) or § 1.137(b)**

Applicants request withdrawal of the Notice of Abandonment mailed May 1, 2008 in the above-reference patent application

The USPTO mailed a Notice To File Missing Parts on May 2, 2007 for the above-referenced application, more than six years after the application was filed. Applicants filed a Response to Notice to File Missing Parts on December 3, 2007. In the Response Applicants submitted signed inventor declarations, replacement drawings, and a surcharge. The USPTO mailed a Notice of Incomplete Reply on December 26, 2007, stating that the replacement drawings were not acceptable. Applicants submitted a Response to the Notice of Incomplete Reply on February 22, 2008 with corrected drawings. However, the USPTO mailed a Notice of Abandonment on May 1, 2008, stating that the reply filed February 22, 2008 was not a timely reply to the Notice To File Missing Parts mailed May 2, 2007.

Applicants submit that the Response submitted December 3, 2007 to the Notice to File Missing Parts was a *bona fide* attempt to respond to the May 2, 2007 Notice To file Missing Parts, and was a substantially a complete reply. To the extent compliance with some requirement was inadvertently omitted, Applicants request a new time period for reply to supply the omission, and request that their February 22, 2008 submission be entered and considered.

Serial No.: 09/805,839
Applicants: Kidd et al.

The Notice of Abandonment additionally states that the application may be revived by filing a petition under 37 CFR § 1.137(a) or § 1.137(b). Therefore, Applications alternatively petition to revive the above-identified application. The entire delay from the filing of the Response and the instant date was unintentional.
